

Making your home Green & Smart

COIL ONLY

ABOUT ESI DECADES EXTREME COIL ONLY SYSTEM

We're proud to announce the completion of AHRI rating for our ESi Decades Extreme Coil Only system, marking a milestone in our commitment to delivering unparalleled heating solutions. Designed to meet the demands of extreme climates, our ESi Decades Extreme heat pump condensing units, when paired with our GNC series A-Coils, redefine efficiency and performance. With Ecoer, you can trust that your home or business will experience unmatched comfort and reliability, even in the harshest conditions. Join us as we usher in a new era of heating excellence with Ecoer's ESi Decades Extreme Coil Only system.

- ① Up to 15.2SEER2 and 11EER2
- ② Eligible for 25C and CEE North tax credit
- ③ Constructed of enhanced aluminum fins and internally grooved copper tubing.
- ④ Insulated Cabinet: the evaporator coil cabinets are thermally insulated with foil faced insulation to prevent sweating.
- ⑤ Multi-position installation: with dual drain pans, Ecoer's cased coils offer unmatched flexibility for multi-position installations.

10-YEAR WARRANTY ON PARTS AND LABOR

Our Comfort Defense program, exclusive to our high-efficiency inverter heat pump systems, offers end users a remarkable benefit: 10-year parts and 10-year labor coverage (full system with IoT Gateway installed), all without any extra costs. This program will revolutionize the market, creating heightened demand for our innovative systems and cutting edge IoT technology.

Condensing Unit Dimensions
