![ecoer - Making your home Green & Smart]

IoT Gateway

Real-time Data Management

10 Years Labor

Record Historical Data

Remote Acsess

Air Conditioner Gateway
Input: 12=0.6A
Model: Eg910
P/N: FS71-S
S/N: GF9101720000001
IMEI: 35729807000789
ICCID: 89011703278101364878
Made In China
Manufacturer: Ecoer Inc.
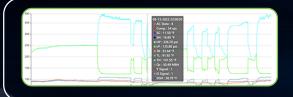

Automatic Updates

24/7 Monitoring

Automatic Alerts

Direct Connect provides automatic alerts when:

The refrigerant level is too high/low, or if there is a leak
The filter requires cleaning or replacement
System or component failure

Direct Connect provides real-time / historical data on:

Cooling/heating capacity
System status (pressure, temperature)
System faults

Direct Connect electricity statistics:

Statistical runtime data
Energy consumption data
Store all historical electricity statistics
